 Management Team Assistant

Possible Trash Delay Today, April 5, 2022

Good Morning,

We just received notice from GFL that there is the possibility of a trash and recycling pickup delay today. They are making their best effort to get everyone collected today so please leave your totes out until 7 pm. If they are not able to get to you today, they will be out for collection again tomorrow morning after 7 am.

We understand that the winds are high today and that you may need to strap your totes closed with a bungee cord. We apologize for this inconvenience.

Log in to your Nabr Network account and under the “MY ACCOUNT” button a dropdown menu will appear. Select “Payments”.
